Challenge

Facilities and campuses are large, making it difficult to locate and detain threats.

Many active shooter incidents occur outside.

It's hard to get accurate information during an incident due to chaotic conditions.

Solution

First responders get real-time data, including the shooter's geolocation and photograph.

Gun detection software can be installed on indoor and outdoor security cameras.

ZeroEyes provides 24/7/365 human-verified gun detection, alerting local law enforcement in as fast as 3-5 seconds.

Trusted by Organizations Nationwide

Getting Started with ZeroEyes

Software integrates into your existing digital security cameras
